Total: 4515 Libraries

1. Applications and Products

Following applications have been developed under 'e-Granthalaya Project' – an Internal / In-house project of NIC, for Indian Libraries:-

- A. e-Granthalaya 4.0** : A Digital Agenda for Library Automation and Networking
- B. eGLibNet.Gov.in** : A Union Catalog of Libraries powered by e-Granthalaya hosted in NIC Server and accessible at <http://eglibnet.gov.in> (A By-Product of e-Granthalaya)
- C. eG4 OPAC on Mobile** – <http://eg4.nic.in/mobile> was developed and audited during 2017 and launched for registered members to access library catalog and e-Books etc. using mobile device

e-Granthalaya is a Library Management Software which is very useful for computerization of library activities and user services. Both of these software were upgraded regularly and released as given in the following table:

S.N.	Version	Edition	Release By	Year
1.	1.0	Public Libraries Edition	KSU, NIC, Bangalore	2003
2.	2.0	Govt. Libraries Edition	NIC HQs	2005
3.	3.0	Network Edition	NIC HQs	2007
4	4.0	Enterprise Edition	NIC HQs	2015

2. e-Granthalaya Web Site (<http://egranthalaya.nic.in>)

e-Granthalaya Web site provides general information about the project. Besides, list of official implementation, trainings conducted and access of Union Catalog of Government libraries as well as documentation access also available for visitors/users.

3. Users Queries / Feedback / Discussion Forum

During 2013, we have launched 'e-Granthalaya Discussion Forum' for submitting users queries online where any other user can provide answer/solution to the problem. Earlier all the users were sending queries to us only – it has minimized requirements of support from e-Granthalaya Team upto 50%. During the year 2018 – over 92 Queries were submitted by the users with multiple answers from many of the users themselves. On average daily, 50 phone calls and 50 mails are received from users.

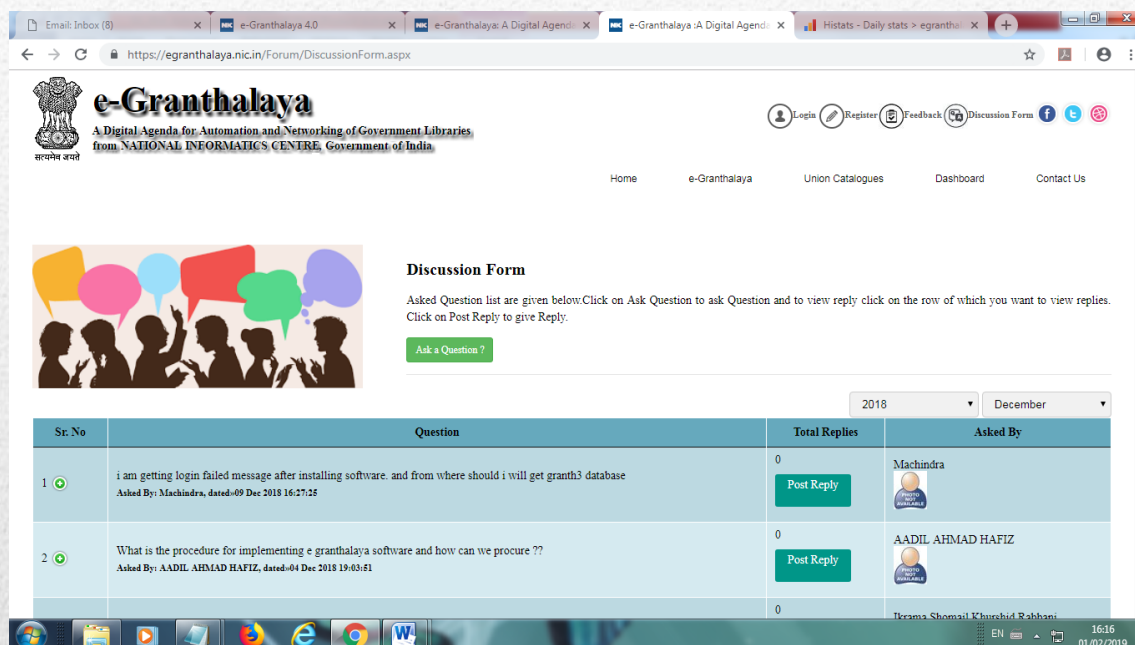

Fig.4 : e-Granthalaya Discussion Forum

4. Union Catalog of Government Libraries

A New kind of service was launched from NIC for the benefits of Indian libraries in general and users of e-Granthalaya specifically. Under the services, a Union Catalog of Government libraries which are using e-Granthalaya software has been hosted in NIC Server and available in public domain at <http://eglibnet.gov.in>. Besides, a home page is provided to each member library to host/search its own catalog with an individual web URL. Later, some APIs will be added in the site to integrate this service with the libraries parent organization web site.

- No. of Libraries' data/catalog hosted in NIC Server: **612**
- No. of Total Catalog Records hosted: **32.82 Lakh**
- No of Holdings/Copies records hosted: **59.53 Lakh**
- No of Registered Users: **3233**

Odisha Public e-library opens in Berhampur

Press Trust of India | Berhampur (Odisha) Last Updated at April 9, 2018 12:50 IST

[Odisha](#) Public [e-library](#) set up by [Berhampur](#) Municipal Corporation (BeMC) and [Odisha](#) Society of America (OSA) has started functioning from the [Town Hall](#) here.

The [e-library](#) will give a boost to the library movement of the state and help computer literate students, B Nageswar Subudhi, a member of the library advisory committee, said.

The [e-library](#) here was inaugurated by [chief minister Naveen Patnaik](#) at BeMC's Maharaj Krushna Chandra Gajapati Research Library during his visit to [Berhampur](#) on August 31 last year.

But it was shifted to the [Town Hall](#) as it has more space and parking slots.

Equipped with 12 computers, two servers and a projector, the [e-library](#) was opened for the public last week.

The OSA – an association of Odia people living in the US – provided Rs 20 lakh for the [e-library](#) through the chief minister's relief fund.

The BeMC would be connected with [the National Informatics Center \(NIC\)](#) so that its [e-Granthalaya](#) could be accessed as well, said Basudev Panigrahy, management information system officer of the corporation.

The [e-library](#) now has two staff members and one [technical worker](#).

The number of terminals will be increased later, BeMC [commissioner Chakrabarti Singh Rathore](#) said.

"Odia engineers in the US are working to add more facilities to the e-library," said S N Padhy, advisory committee member.

Odisha Public e-Library to be modernised

Press Trust of India | Berhampur (Odisha) Last Updated at September 16, 2018 12:50 IST

Odisha Public e-Library, set up by Berhampur Municipal Corporation (BeMC) here in collaboration with an organisation of non-resident Odias living in US, is all set to be modernised, an official said.

At present, the e-library is equipped with a dozen computers with high-speed internet connection, two servers and a projector. The e-library has a sitting capacity for 50 persons and is located at the first floor of the municipal town hall.

"We have signed a memorandum of understanding with the Odisha Society of the Americas (OSA) recently to modernise the e-library adding more facilities for holding workshops and seminars," said BeMC Commissioner Chakravarti Singh Rathore.

The MoU is valid for two years.

"The OSA has agreed to provide technical guidance for making the library ICT (information and communications technology) enabled and support for its growth and development," said B Nageswar Subudhi, an eye specialist, who is playing a coordinator between the civic body and the OSA. The OSA has agreed to provide all necessary support to conduct lecture series with subject experts, he said.

"It is not merely a library where people can only browse e-books. Our aim is to make it as a resource centre and knowledge hub to cater to the growing needs of the people, especially students," said Subudhi. The civic body said it would provide audio-video facilities. The BeMC is also planning to automate the library with software like e-Granthalaya.

The corporation would tie up with the National Informatics Centre to avail its e-Granthalaya so that users can browse other magazines and e-books from the Internet, said Basudev Panigrahy, management information system officer of the corporation.

In the first phase, OSA had provided Rs 20 lakh to the chief minister's relief fund for setting up of the digital library. People are allowed to use the library for free. After its modernisation, it will boost the library movement in the city and at the same time help computer-savvy poor students, especially job-seekers, added Subudhi.

Librarians to be trained in e-Granthalaya

TNN | Oct 26, 2018, 09:04 IST

A-

A+

The central library will hold a workshop in November to train librarians. It will be conducted by NIC scientist RK Matoria.

PANAJI: The Goa state central library will soon tie up with the National Informatics Centre (NIC) to avail its e-Granthalaya so that readers can browse magazines and e-books through the platform.

Books of any subject, written by any author, can be thus be located with a single mouse click as the software maintains an online record of every book at the library.

The software has been developed by a team of experts from software as well as library and information science discipline and is useful for automation of in-house activities of the library like web-based data entry.

In a boost to the library movement in the state, and to provide the best library automation solutions, the central library will hold a workshop in November to train librarians in the technology.

"It's a government developed software, the installation of which is free of cost. We are going to have a workshop next month that will be conducted by NIC scientist RK Matoria to train librarians to use e-Granthalaya," said curator of the library, Carlos Fernandes.

He further added that a total of 40 librarians have already confirmed their participation for the workshop. Minister for art and culture, Govind Gaude will inaugurate the same on November 15.

The workshop will comprise presentations, live installation of the e-Granthalaya software followed by hands-on sessions to train the librarians.

NDMC libraries turn new leaf with fresh ambience and latest books

The idea to not just increasing footfall, but to also make them popular among the youth

DELHI Updated: Nov 22, 2018 12:00 IST

Hindustan Times, New Delhi

The refurbished library at Moti Bagh boasts new flooring and a variety of books(HT Photo)

New Delhi: The New Delhi Municipal Council (NDMC)'s libraries at Laxmibai Nagar and northwest Moti Bagh have got a new lease of life with the civic body replacing the old furniture, renovating the flooring, seating area, lights, green spaces and also getting new books.

The idea behind the project is not just increasing the footfall but to also make these centres popular among youngsters, officials said.

Naresh Kumar, NDMC chairman, said in the next two months, the civic agency will work on renovating the other six libraries in its jurisdiction, besides digitising the records of all books.

“We have completed work at the Laxmibai Nagar and Moti Bagh libraries. Most of these libraries were constructed over 25 years ago. Due to improper infrastructure, facilities and limited choice of books, they were losing popularity,” a senior NDMC official said.

“We are refurbishing the interiors such as constructing larger windows to allow more sunlight, developing reading corners in green areas outside the library, planting trees, installing CCTV cameras and computers. But our main focus remains on providing a wide variety of books to

readers. Around 10,000 old books, which were not popular or were damaged, have been removed from these libraries recently to create space for new books. We are emphasising on adding competitive books so that students preparing for various examinations can visit the place in large numbers,” the official said.

While the renovation works at Moti Bagh and Laxmibai Nagar are already complete, the work is going on at the libraries in Kaka Nagar, Babar Road and Rohini and will be completed by the month-end. A resident of Laxmibai Nagar, Narendra Kumar, a regular at the NDMC library, said, “ I never thought the library would be renovated. Earlier, books were pushed to a corner, making it really inconvenient to browse through them. Insufficient lights, broken tables and chairs were further demotivating people from come here. Now, the library is completely different and much better.” Officials said they would organised community programmes to encourage reading session at the libraries.

Chitranjan Kumar, 40, a resident of Moti Bagh said that her two daughters Jaya (15) and Jasmine (11) have been going to the public library every day after it was renovated. “It’s more peaceful here. For readers, facilities of WiFi and new computers have been provided while the digital platform such as e-Granthalaya can be soon accessed from the library. Students will be able to access over 68 lakh books on subjects such as literature, mythology, science, research papers and academics free of cost at e-Granthayalaya,” he said.

Odisha Public e-Library to get facelift

Ladowali Road govt boys' school gets digitised library

Government Model Senior Secondary School for boys, Ladowali Road, has become the first school in the region to have a digitised library. Tribune Photo

Ajay Joshi
Tribune News Service
Jalandhar, October 9

Government Model Senior Secondary School for Boys, Ladowali Road, here, has become the first school in the region to have a digitised library. Now, students can easily locate books of their choice without searching them manually.

Books of any subject, or author, can be spotted with a single mouse click. After toiling for three years, librarian Manjit Maini has found an easy way by installing the **e-Granthalaya software** that keeps the record of every book. He said for two-and-a-half years, he made a list of books and categorised them as per their subjects, besides assigning a code to books and preparing their data with all particulars.

Subsequently, the prepared data was uploaded on the software. There are around 13,000 books in the library and students will only have to enter the name of a book in the system and it will display the details and its physical location in cupboards. The principal said before installing the software, all books were rearranged and the librarian, with the help of staff members, prepared the data of the books. Owing to the shortage of computers, the principal has provided her computer for the task. Claiming it as his dream project, Manjit said it was necessary to keep a record of all books for the convenience of students.

सेंट्रल लायब्ररीतर्फे ई ग्रंथालय कार्यशाळा

सेंट्रल लायब्ररीतर्फे आयोजित ई लायब्ररी कार्यशाळेत सहभागी ग्रंथपालांसमवेत कला आणि संस्कृती खात्याचे मंत्री गोविंद गावडे, क्युरेटर कार्लोस फर्नांडिस व इतर मान्यवर.

प्रतिनिधी, पणजी

गोवा राज्य मध्यवर्ती संग्रहालयातर्फे नॅशनल इन्फॉर्मेटिक सेंटरच्या सहकार्याने (एनआयसी) अलीकडेच दोन दिवसीय ई ग्रंथालयविषयक कार्यशाळा घेण्यात आली. सेंट्रल लायब्ररीत झालेल्या या कार्यशाळेचे उद्घाटन कला आणि संस्कृतीमंत्री

गोविंद गावडे यांच्याहस्ते करण्यात आले.

या कार्यशाळेस नॅशनल इन्फॉर्मेटिक सेंटरचे तांत्रिक सल्लागार रामकुमार, सेंट्रल लायब्ररीचे क्युरेटर कार्लोस फर्नांडिस हेही उपस्थित होते. या कार्यशाळेत गोव्यातील शाळा, महाविद्यालयांच्या सुमारे ४० ग्रंथपालांनी सहभाग घेतला.

ग्रंथपालांनी नव्या तंत्रज्ञानाची माहिती घेऊन त्याच्याशी जुळवून घ्यावे आणि लोकांना ग्रंथालयाची उत्तम सोय उपलब्ध करून द्यावी, या उद्देशाने ही कार्यशाळा आयोजित करण्यात आल्याचे सांगितले. मुख्य ग्रंथपाल सुलक्षा कोळमुळे यांनी आभार मानले.

५ नैव संस्कृती

Two workers while dumping garbage along the roadside at althehol in Ponda. The driver has fined Rs 5000 for the offence.

CITIZEN AMOL LAAD, Ponda

Queula villagers are accustomed to dumping garbage along the roadsides at different spots. One strategic spot is near the ground at Paunwada in the vicinity of Two Pillars. Local residents dump their household garbage at this spot on regular basis and the same remains uncleared. People leaving for work early morning often indulge in such acts. The adjacent picture is a perfect proof in this regard. Another such area at this ju-

isdiction is in the vicinity of Shree Shantadurga temple (in Queula). The concrete dustbin installed here is being found overflowing

on most occasions. Hence residents prefer dumping garbage along the roadside. I wonder whether the Queula Panchayat has

been exercising a vigil on persons dumping garbage at above two spots. Many tourist vehicles proceed along the Shantadurga temple towards Ramnathi and neighbouring religious spots.

Scenes of scattered garbage ultimately portray a negative image in the minds of visitors. It is absolutely necessary that people found dumping garbage here and there are fined heavily so that such undesirable practices end on a permanent basis. This in turn would go a long way in maintaining hygienic conditions in the village.

Indeed, the Sarpanch intends to keep the village green and beautiful. Hence defaulters in this regard must be dealt with an iron hand. Since cleanliness is next to godliness, let us hope that quick and favourable action would follow in this important matter in public interest.

while BSNL keeps slumbering

It's not only me but all are complaining of very poor and inefficient BSNL service despite paying the monthly telephone bills on time or else our lines remain cut off.

Moreover the Porvorim Exchange is perhaps understaffed and those who are seen around are very lethargic in their services, particularly the line staff.

CITIZEN AYRES SEQUEIRA, Salvador do Mundo

indicating they are either underpaid or take their responsibility lightly for reasons best known to them. Being 2nd and 4th Satur-

days followed by Sunday off, our complaints remain unattended for days together.

The BSNL officials must note that the telephone in present times is a necessity and not luxury to own, and to deprive the subscribers of its use is a criminal offence, challengeable in the consumers' court for compensation and lack of timely service.

Most of our telephone lines remain dead, neither is

there a hotline available to help in times of urgency as painted on the walls of the BSNL offices. While the need to move ahead in digital advancement, it is surprising that we in Goa are lagging behind with outdated technology to keep our services amusingly entertained wirelessly.

What more can we expect next? Here's the surprise. Ever since I was given a line connection some years ago, I am not provided with a telephone directory till date. My number of attempts to fetch one prove futile with the concerned staff giving me funny laughable explanation and reasons. Neither is one going to come my way hereafter.

Margao Municipal library stuck in the past

AVINASH TAVARES avinash@herald-goa.com

MARGAO: The Margao Municipal library will be completing 108 years on December 4. The library has a treasure trove of old books such as Portuguese encyclopaedia, 15 volumes of Nehru's selected works and Gazettes from 1962 onwards. However, after the centenary celebration back in 2014, the library has fallen into obscurity.

"The present Assistant Librarian is very good and she does all the work," says Shriram Raiturkar who lives next to the municipal library.

"The last person to hold the post of Librarian Cipriano Andrade retired in 2015. Since then the post of

the Librarian has remained vacant," he said.

Sources in the municipality informed that the Assistant Librarian has recently been given the additional charge of the post of librarian. She now does the job of both, the Librarian and Assistant Librarian. But this is just the beginning of the staff woes in the library.

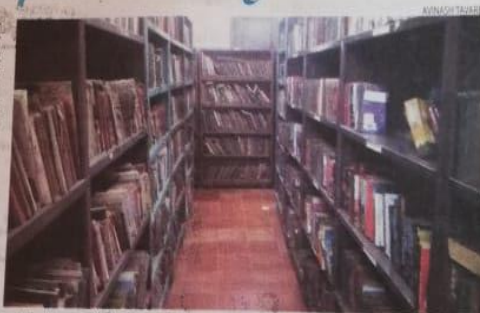

Who are the people working in the Library? Sources informed that anyone who cannot work in the Municipality is transferred to the Library; eight staff working in the Library, including the Assistant Librarian. Only two of them have passed their SSC.

Currently, there are two people working in the library, one of whom is on leave because of an opera-

tion while the other is physically challenged. A sweeper is doing the job of issuing books. She, however, doesn't know to use the computer so she is manually updating the records of the books taken and received.

Another staff named Raju, against whom the municipality had received several complaints from the public, was shifted to the library. Although he is a UDC, sources say that he is not ready to do anything let alone use the computer. Another sweeper from the technical section has been shifted to the library but she being illiterate is of no use in the library.

Shockingly, the children's section does not have any staff. The reading room, also known as the newspaper

section, has a staff who does his work diligently from 8 am to 5 pm. The other staff in the reading section is illiterate and is on sick leave since last one month.

Sources say every year

the Library is allocated around Rs 5 lakh in the municipality budget. Three lakh is used to pay the salaries of the staff. The Municipality buys books worth around 2 lakh annually.

However, Herald couldn't confirm this claim since almost all the books on the shelves looked old and worn out.

Savio Coutinho, the former chairperson of MMC,

informed that the bar-coding system which was the part of the e-library project was started in 2008. The project was funded through MPLAD funds. However, the books in the library haven't been tagged because none of the staff knows how to use the barcode machine which has been installed in the library.

The Library does not have a copier machine if someone wants to copy any document. "They don't keep newspapers for more than 3 years. A library must bind and keep all the newspapers like how it's done in the Central Library. If students want to reference books on animals or any other science, they cannot at all relevant subject books in the

library are outdated," says Raiturkar.

Raiturkar said that people want the library open during holidays and that the staff can be paid overtime for it.

Many blame mobile phones for the fall in readership in public libraries. However, while other libraries, including the Central Library in Panjim, the District library in Nalim, provide services like library, self-check-outs etc, the Margao Municipal Library has neglected. "I wonder many councillors books. Till we have elected councillors who the worth of books then the Library might then the attention it deserves," Raiturkar said.
