1. Design and Development

We have developed two library application software in NIC as detailed given below:

e-Granthalaya: A Digital Agenda for Library Automation and Networking **Ver.3.0**
NewsNIC: e-News Clipping System from National Informatics Centre **Ver.3.0**

e-Granthalaya is a Library Management Software which is very useful for computerization of library activities and user services. While **NewsNIC** software provides online, full-text News clipping Service to the library users. Both of this software were upgraded regularly and released as given in the following table:

S.N.	Version	Edition	Release By	Year
1.	1.0	Public Libraries Edition	KSU, NIC, Bangalore	2002
2.	2.0	Govt. Libraries Edition	NIC HQs Library	2005
3.	3.0	Network Edition	NIC HQs Library	2007
4	4.0	Enterprise Edition	NIC HQs Library	2012 *

* Under Development

During the year 2011, we have improved various forms of the software, added reports, modified many forms, and removed various bugs reported by the users. Besides, Web OPAC of the software re-designed and submitted for the Web Audit and passed/hosted for many libraries.

e-Granthalaya Ver.3.0 is a multi-lingual, UNICODE compliant database and provides data entry solution for local/stand-alone/LAN based as well as WAN based database connectivity. It consists of the following components:

1. Back-end Database in MS SQL Server 2005
2. Web OPAC – Web based Search interface (ASP.NET 2.0)
3. Reports – Crystal Reports
4. Data Entry Programs for Clients (VB.NET)
5. GranthService (A WCF Web Service in .NET 3.0) Layer for Remote Connectivity

Updates Released: 3 Updates of e-Grnthalaya and 2 Updates of NewsNIC Software Released during 2011 (Last Release No.21)

2. e-Granthalaya Web Site (http://egranthalaya.nic.in)

During 2010, e-Granthalaya Web site was improved, added many of the new features for Users. Users can submit their queries, etc using the Feedback Form in the Web Site. Also, users can install the e-Granthalaya Software direct from our web site. Photo Gallery and few more web pages were added in the site.

3. Union Catalog of Libraries powered by e-Granthalaya

A New kind of service was launched from NIC for the benefits of Indian libraries in general and users of e-Granthalaya specifically. Under the services, a Union Catalog of libraries which are using e-Granthalaya software has been hosted in NIC Server and available in public domain at http://www.eglibnet.gov.in . Besides, a home page is provided to each member library to host/search its own catalog with an individual web URL. Later, some APIs will be added in the site to integrate this service with the libraries parent organization web site. At present, over 5 6 lakhs catalog records are uploaded in the database and available for access.

3-day workshop marks beginning of automation, networking of SRS Library

Jammu:- With the inauguration of Workstation and a 3-day Workshop on e-Granthalaya Software at SRS Central Library, automation and networking of the oldest public library in the State began here today. This comes close on the heels of launching of the automation and networking of public libraries project in J&K in the summer capital on Friday by Minister for Tourism & Culture, Nawang Rigzin Jora. A similar workshop had concluded at SPS Central Library, Srinagar on Sunday. SRS Central Library is the oldest and the largest public library in Jammu & Kashmir established in 1879 A. D. The Workstation and Workshop were jointly inaugurated by Director Libraries & Research, Khalid Bashir Ahmad and noted writer and scholar, Nilambardev Sharma. Technical Director NIC Hqrs, R. K. Matoria,

Technical Director NIC, J&K Unit, Salim Khan, Librarian, Dhanvantri Library, University of Jammu, Muhammad Shoiab, Members of State Level Library Committee and State Level Advisory cum Purchase Committee including Dr. Lalit Mangotra, Dr Jatinder Udhampuri, O. P. Sharma Vidhyarthi, Dr. Reva Sharma, Deputy Director Libraries, Rajinder Singh, prominent writers and intellectuals were present. Mr. Matoria made a power point presentation on e-Granthalaya and the project. He also answered queries from the audience. The automation and networking project is being executed through NIC and in the pilot phase, costing Rs. 116.72 lakhs, four major public libraries including SRS Central Library, Jammu have been taken up for automation and networking. During the workshop, a group of of-

ficials of the Department of Libraries and Research and the manpower hired by the project executing agency would be trained in the use of e-Granthalaya software before actually starting data entry as part of the project implementation which will begin immediately after the conclusion of the workshop. Speaking on the occasion, Khalid Bashir Ahmad said that the launching of the automation and networking of public libraries is a significant initiative taken by the Government to switch over from manual to automated library service and making library information available online. He said in the first instance four major public libraries including SRS Central Library, SPS central Library, Oriental Research Library and City Central Library have been taken up for automation and networking.

RS 117 LAKH PILOT PROJECT FOR LIBRARIES LAUNCHED

GOVT TO AUTOMATE 3 PUBLIC LIBRARIES IN SRINAGAR

Rising Kashmir News

Srinagar, Oct 28: With the launching of Rs 116.72 lakh pilot phase of the automation and networking of public libraries project, J&K on Friday took a major leap towards providing modern library services to book lovers. Initially, State's four major public libraries including SRS Central Library, Jammu, SPS Central Library, Srinagar, Oriental Research Library, Hazratbal and City Central Library, Karan Nagar are being automated and networked while the rest would be taken up in the second phase.

The project was launched by Minister for Tourism and Culture, Nawang Rigzin Jora. Describing the project as an important milestone in upgrading library services, Jora said it would bring J&K at par with national and international standards. He said that the project has a 132 year history of public library service as the first library in the State, the SRS Library, was established at Jammu in 1879 followed by setting up of SPS Library at Srinagar in 1898. He said with such a long history it was very essential to switch over to the automated library management to meet the present day requirement.

The Minister described the launch of the project as a significant step towards revolutionizing library services in the State and complimented Director Libraries for taking this initiative as well as many others to upgrade library facilities in the State.

services like other sectors had suffered setback but have now been put on the rails again with several initiatives taken by the department for the improvement of infrastructure and collection. He said that the project has multiple benefits, both for the service provider and the service recipient, including computerized classification, cataloguing, accession, storage, retrieval and circulation of books, online information on library collection, increase in operational efficiency, substantial improvement in quality, speed and effectiveness of the services, access to remote users, user participation in resource-sharing library networks, rapid communication with other libraries (including outreach libraries), greater transparency in the purchase of titles for public libraries, and removal of chances of duplication in

completion of the Pilot Phase other public libraries in the State would also be taken up for automation and networking.

Appreciating the automation and networking of public libraries, Minister of State for Tourism and Culture underscored the need for creating awareness about libraries to attract more people to the written word. He enumerated various steps taken by the Government to improve library services and specifically referred to the ongoing construction of the new building for the Central Library at Srinagar and the automation and networking of libraries project.

In his welcome address, Khalid Bashir Ahmad said that his department has taken in hand another major project for digitization and archival of old and rare books with Internet access. He said 472 such titles in

and the project proposal submitted by National Informatics Centre is in the final stages of receiving the administrative approval. He said archival of about 6000 digitized manuscripts in different languages, forming a rich and proud collection of the department, is also part of the project, besides designing a website of the department.

Giving a brief account of the recent initiatives taken by his department, Director Libraries & Research said that efforts were on to upgrade library facilities in the State both in terms of infrastructure and collection. He said work is apace on the multi-storied new central library flagship project of the department. Estimated to cost Rs. 17.34 crore, the library would provide state-of-the-art library facility in the State with facilities like an art gallery,

scripts, Internet café, exhibition hall, children section, researchers' cabins and cafeteria. A new three-storied block was added to the SRS Central Library, Jammu recently. He said new spacious buildings for District Library Pulwama and Gani Memorial Library cum Reading Centre were constructed and thrown open for public in December and June last.

Referring to the selection and purchase of books for libraries, Khalid said that the procedure has been made more transparent and the two committees constituted by the Government every year have been broadbased to include more scholars, writers and intellectuals as members. He said during the current year so far, 1300 latest titles on different subjects were purchased for the libraries. This, he said, is the largest purchase in a given year so far, adding, the process for more purchases this year has been set in motion. He said one of the thrust areas during the current year was to make available books on competitive examinations for the benefit of the aspiring civil servants. Over 100 titles on different subjects were purchased and made available at central, district and Tehsil libraries. In the next phase later this year, all block libraries will also provided these titles, he added.

Terming the publication of Khawarikus Saliqeen and Catalogue of Manuscripts as a very significant work, Khalid said with this the publication programme of the department which had suffered a break for

Historic day in public library service

3-day workshop marks beginning of automation, networking of SRS Library

JB BUREAU
JAMMU, NOV 1:

With the inauguration of Workstation and a 3-day Workshop on e-Granthalaya Software at SRS Central Library, automation and networking of the oldest public library in the State began here today. This comes close on the heels of launching of the automation and networking of public libraries project in J&K in the summer capital on Friday by Minister for Tourism & Culture, Nawang Rigzin Jora. A similar workshop had concluded at SPS Central Library, Srinagar on Sunday. SRS Central Library is the oldest and the largest public library in Jammu & Kashmir established in 1879 A. D. The Workstation and Workshop were jointly inaugurated by Director Libraries & Research, Khalid Bashir Ahmad and noted writer and scholar, Nilambardev Sharma. Technical Director NIC Hqrs, R. K. Matoria, Technical Director NIC, J&K Unit, Salim Khan, Librarian, Dhahvantri Library, University of Jammu, Muhammad Shoiab, Members of State Level Library Committee and State Level Advisory cum Purchase Committee including Dr. Lalit Mangotra, Dr Jatinder Udhampuri, O. P. Sharma Vidhyarthi, Dr. Reva Sharma, Deputy Director Libraries, Rajinder Singh, prominent writers and intellectuals were present.

Mr. Matoria made a power point presentation on e-Granthalaya and the project. He also answered queries from the audience.

The automation and networking project is being executed through NIC and in the pilot phase, costing Rs. 116.72 lakhs, four major public libraries including SRS Central Library, Jammu have been taken up for automation and networking.

During the workshop, a group of officials of the Department of Libraries and Research and the manpower hired by the project executing agency would be trained in the use of e-Granthalaya software before actually starting data entry as part of the project implementation which will begin immediately after the conclusion of the workshop.

Speaking on the occasion, Khalid Bashir Ahmad said that the launching of the automation and networking of public libraries is a significant initiative taken by the Government to switch over from manual to automated library service and making library information available online. He said in the first instance four major public libraries including SRS Central Library, SPS central Library, Oriental Research Library and City Central Library have been taken up for automation and networking. On successful completion of the pilot phase, other libraries at district and tehsil level and down would be automated and made part of a single networking system. He said the Department is working on another important project to digitize its rich collection of rare books in various languages and make them available on Internet along with a huge treasure of about 6000 digitized manuscripts. The two projects in conjuncture would revolutionize public library services in the State, he added. Khalid also gave a brief account of other recent initiatives taken by the Department to improve library services both in terms of infrastructure and collection. He said in the next few years the library services in the State would be reckoned with international standards. He made special mention of books on competitive examinations made available this year for student community interested in cracking civil service examinations. He said as many as 100 titles on different subjects prescribed for these examinations have been supplied to central, district and tehsil libraries. Before the closure of the current financial year, libraries at block and border block levels will also be provided these books, he said. Writers and library lovers who were present at today's function hailed the initiative of the Department of Libraries to automate and network public libraries in J&K and said that this would go a long way in improving and upgrading public library services in the State and generate interest among people towards libraries.

Books eaten by termites at Government Divisional Library at Vishrambaug wada

Around six months ago, the library got a software for e-granthalaya project under which all books had to be digitised. However, after a month only, the project met with a roadblock. "There were two people assigned with the job of data entry of the books. After a month, they were transferred. We could finish with only around 500 books in a month," added Tayade. No replacements have come in yet.

Tayade said the library has 11,000 members and handling them is tough with less number of staff. He claims that the Vishrambaug Wada library witnesses over 400 visitors a day that includes 25-30 researchers.

Directorate of Libraries (DoL), Mumbai, director D S Chavan said it is not possible to fulfill 100 per cent staff requirement because procedures like issuing an advertisement, inviting applications, interviewing the candidates and other formalities are time consuming. "We have started the process and the positions will be filled soon," said Chavan.
